

2022 Junior Golf Program

Introduction

The Junior Golf Program at Bridgewater Golf Club is designed to be an introduction to the game of golf. Our focus is to grow the game by offering juniors the ability to play and practice under the supervision of our PGA Professional staff. The three main objectives of the program are skill development, playing by the rules, and golf course etiquette.

Bridgewater Junior Golf Program

Breakdown of Activities

Wednesday – Instructional Days

Basic instruction on full golf swing, pitching, chipping, putting and sand play over the course of four weeks. Basic etiquette while on the golf course and simple rules of the game.

Thursday – Play Days

This is an opportunity for the kids to play real golf on a real golf course. Many kids are not offered the chance to actually play golf on a regular basis during most junior programs. These days are designed to be fun, laid back and slightly unstructured. This is the time for the kids to use what they have learned during the instructional days and apply it to real on-course situations. Instructors will be roaming the golf course to make sure all groups are getting along ok, but the golf course is not the place for teaching the golf swing. Parents will be needed as chaperones so that each group of 3 or 4 kids will have an adult with them to help transport them to and from the clubhouse and to help keep an eye on them.
